

Mini Delight:
Folk Motif Stamp Set

LAYERING GUIDE

Designer's Tips:

Look to traditional Eastern European folk art to get inspiration for color combinations when using this set! Bright colors in contrasting shades are often used, so you can feel free to get out your favorite ink colors!

If you choose to stamp the whole motif, start with the leaf/stems and build off that. It will be easier to get the perfect placement for the tulip and buds that way!

Inks:

- Obsidian
- Olive
- Turquoise
- Hydrangea
- Fresh Lemon
