

Dynamic Duo:
Leaf Wreath Stamp & Stencil Set
LAYERING GUIDE

Rotate stencils 180° to complete the full circle

Inks:

- Obsidian
- Volcano Lake
- Aqualicious
- Bamboo
- Shadow Creek

Stamp Set

Designer's Tips:

Use the engraved lines in the stencil to help line up each layer. When every layer is inked up, you will have a half of a wreath. Rotate the stencils 180 degrees and repeat to complete a full wreath!

Use Altenew's Stampwheel to help you align and stamp the vein layer from the stamp set. Easy peasy!
